NIMPORT FLASH

Overview

Every year NIMPORT host Africa regional maritime and port industry professionals to a three-day conference and exhibition under the umbrella of Africa NIMPORT to access the industry performance in the delivery of the needed services for global and regional supply chain flow. The event presents a unified platform for marketing and promotion of opportunities within the maritime and logistics sectors and to attract more investors and expand Africa stake in international trade.

This event which started on the auspices of Nigeria Federal Ministry of Transportation has continue to project heart-warming intellectual subjects that capture industry essence and offer the solution to pressing industry development challenges.

L_R Fortune Idu NIMPORT Chairman, Ms Hadiza Bala-Usman Managing Director of Nigeria Ports Authority

Port and Regional Continental Free Trade Area (AfCFTA)

NIMPORT 2019 addressed the quest for an integrated and seamless Africa regional trade under the Theme: 'Fostering Africa's Global Trade Competitiveness'. The conference papers presented were geared towards supporting the Regional Continental Free Trade Area (AfCFTA) agreement. President Muhammadu Buhari, the President of Federal Republic of Nigeria has at the eve of NIMPORT 2019 signed the long awaited agreement to prepare Africa as common free trade zone. The AfCFTA was expected to fully take off in July 2020 with all 55 States, 1.3 billion people and a combined GDP of about US\$3.4 trillion projected to expand the size of Africa's economy to US\$29 trillion by 2050.

Mr Chidi Izurah
The Managing Director
Infrastructure Concession Commission

Unfortunately, COVID-19 pandemic and the global lockdown and down turn on the global economy has slowed the launching of this regional ambitious programme. As was reflected in the paper presented by the Ms HADIZA BALA-USMAN, Managing Director of Nigeria Ports Authority at the NIMPORT on 'FOSTERING AFRICA'S TRADE COMPETITIVENESS AND THE ROLE OF PORTS' there is no going back. Africa stand in advantage with rapid growth and development of international trade and particularly regional trade and the port industry must be prepared while integration of hinterland transport and

logistics to maritime transport network should be topmost in the planning programme of the Africa countries.

Regional Transport Infrastructure And Privatization:

Poor infrastructure has continued to be a major hindrance to transport connectivity and trade integration in the Africa. In a paper presented by the Mr Chidi Izurah, The Managing Director Infrastructure Concession Commission, a call for the region most especially Nigeria to embrace privatisation through PPP of major transport infrastructure as there have capacity for return on investment while providing support for the development of other part economy.

L-R Rahim Sanusi, Abayomi Salami, Nigerian Investment Promotion Commission, Ifejoba Adeyemi Lead Consultant, Fortune Idu Chairman NIMPORT, Dr. S. U. Gidado Director NIWA, Greg Ogbelfun, Managing Director/Ceo Of Starzs Marine And Engineering Limited, Dr. Ikenna Nwosu

COVID-19 Disruption And Recovery:

Though many expectations of the 2020 has be thwarted by the corona virus disruption, however NIMPORT 2020 will be reviewing some of the issues discussed last year with a focus on business recovery. NIMPORT will also look deeply into emerging technologies and automation following the NIMPORT workshop lead by Timothy Bamigbola, Researcher at National Centre for Port & Shipping, Australian Maritime College, University of Tasmania, Australia.

NIMPORT 2020 has been designed to confirm with WHO requirements for place of mass gathering and the event will be delivered in compliance to COVID-19 spread prevention rules while offering quality event experience.
